- 1.2 The GCB possesses the authority to grant and withdraw gaming licenses for online games of chance to operators within the designated territory.
- 1.3 The GCB is tasked with ensuring the protection of players engaged with its licensed operators.
- 1.4 It is incumbent upon the GCB to safeguard its reputation by preventing unauthorized operators from falsely claiming to hold a license to operate within the Curacao territory.
- 1.5 The GCB has issued licenses to specific entities allowing them to conduct online games of chance, with the provision for other entities to operate under these licenses pursuant to a contractual arrangement save that the GCB now requires this to be contingent upon registration and application by the latter to the GCB for a license to be issued directly to them no later than by the 31st March 2024.

- 2.3 The Digital Seal can only be used by online games of chance license holders or those entities authorized by such license holders who have undertaken the registration and application processes with the GCB via its portal and which pending such application the GCB has confirmed directly with such authorized entities on written notice that it is in receipt of satisfactory due diligence relating to them or has granted such license. (collectively the “Authorized Entities”).
- 2.4 The GCB will adopt separate procedures in connection with what may be regarded by it as satisfactory due diligence.
